| <b>Subject:</b> | Follow-up .NET Training               |

Thank you for taking the time to talk with me today regarding the prospective training VB. NET training requirements for 3 IT professionals at Social Security Administration in Philadelphia, Pennsylvania. And FYI, the longstanding consultancy experience of our staff with legacy mainframe systems and IBM system software - CICS, DB2, IMS, and WebSphere MQ, provides us with a unique perspective and skillset to teach .NET courses. As we discussed, SYS-ED is familiar and well versed with the Microsoft standards. However, SYS-ED .NET courses have been developed to augment and reflect our multi software expertise and coding techniques and efficiencies. With respect to course materials and training aids, we utilize a combination of industry standard text books (several of which we have reviewed for leading text book publishers) and our own tailored training aids.

SYS-ED courses incorporate:

Microsoft .NET Technology updates:

[http://www.syped.com/shared/tech\\_update/tech\\_update.asp?source=http://www.dotnettrainingbysyped.us&maincat=dotnet&site=.NET](http://www.syped.com/shared/tech_update/tech_update.asp?source=http://www.dotnettrainingbysyped.us&maincat=dotnet&site=.NET)

CETi Knowledgebase:

[http://www.computeredtech.com/shared/knowledge\\_base.asp?site=&source=http://www.computeredtech.com](http://www.computeredtech.com/shared/knowledge_base.asp?site=&source=http://www.computeredtech.com)

<http://www.dotnettrainingbysyped.us/commquests.htm>

We also offer integrated .NET training programs:

[http://www.dotnettrainingbysyped.us/TrngPrg\\_MS\\_Development\\_Platforms.htm](http://www.dotnettrainingbysyped.us/TrngPrg_MS_Development_Platforms.htm)

A portfolio of clients where we have provided training on the Microsoft development platform is available from the following urls:

[http://www.syped.com/shared/portfolios/show\\_portfolio.asp?portfolio=.net&source=http://www.dotnettrainingbysyped.us](http://www.syped.com/shared/portfolios/show_portfolio.asp?portfolio=.net&source=http://www.dotnettrainingbysyped.us)

Thank you for considering SYS-ED.
