Dear Sir or Madam,

I wanted to tell you how much I enjoyed having Pacifico Lim teach the DB2 class (12/27-12/29) at Computer AID Inc. in Allentown. How absolutely refreshing it was to be with someone who had so much technical knowledge + who could teach! Even now, I marvel at Pacifico's excellence + that's what I'd like to discuss.

First, Pacifico was extremely competent. He answered many questions that were + were not covered in the course. His explanations were very, very clear. He provided excellent examples of DB2 programs. Last, he discussed recent changes + limitations of the next version of DB2.

Next, Pacifico has some very admirable personal qualities. Despite his superb technical knowledge + effective teaching talents, he is still rather humble about his excellence. Last, Pacifico has a very warm-friently personality. Many of us have enjoyed his interesting conversations during breaks + during lunch.

In conclusion, I'd like to state that our class has agreed that we could not have had a better DBA instructor. Our class extends its thanks to SYS-ED + to PACFICO for such a memorable learning experience.

Sincerely,  
Ellen Raineri
