This courseware product was a collaborative effort.

- The presentation outline for this course was developed by Sharif Ahmed and David Silverberg and is the copyright of Computer Education Techniques, Inc.
- The diagrams, examples, and training aids were generated by Sharif Ahmed.
- The workshops were developed by David Silverberg and reviewed by David Shapiro.

Step-by-step instructions correspond to context help and reflect information available in the public domain.

SYS-ED is always looking to improve the quality of its course handouts. Issues regarding the content need to be forwarded in writing (preferably by e-mail to support@syped.com) inclusive of the chapter/appendix and page in the form of chapter x; page y. Comments regarding examples and workshop exercises need to reference the chapter and page of the course workbook and the performance objective.
