The presentation outline for this course was developed by Sharif Ahmed and through the collaborative efforts of SYS-ED staff.

Organizations contracting to have SYS-ED present this course will be required to have licensed versions of the Microsoft Server 2003 and Microsoft Windows - NT, 2000, or XP operating systems. Screen captures and portions of this hand-out have been generated from interactive sessions with the Microsoft Windows operating systems in a variety of different networking configurations. Step-by-step instructions correspond to context help within the operating system and reflect information available in the public domain from the Microsoft website.

SYS-ED is always looking to improve the quality of its course handouts. Issues regarding the content need to be forwarded in writing (preferably by e-mail to support@syped.com) inclusive of the chapter/appendix and page in the form of chapter x; page y.
